RE: APPRECIATION FOR THE SUPPORT RENDERED TOWARDS IMPROVEMENT OF SOLID WASTE MANAGEMENT IN TORORO MUNICIPALITY

The Mayor and the entire community of Tororo Municipality wish to extend this heartfelt appreciation to **Tororo Cement Limited** for the generous support the company extended to the Municipality towards the management of garbage in the town. This was as a result of a request made to development partners for support towards this cause to which you never hesitated.

We truly thank you and your team for this generosity. As a matter of fact, the first phase of the exercise was successfully accomplished and all the 14 garbage collection points were cleared, an achievement that would not have been possible without your input. This alone has had a big impact in our Town.

We look forward to working very closely with you in ensuring cleanliness and development in our municipality.

We call upon you to continue extending similar services for the proceeding cleaning exercises which will be conducted once every month, a practice we believe will make Tororo shine once more.

Once again I thank you and wish you all the best and success in all your endeavors.

Orono Kenneth Nyapidi
